WARNING

The following "rules of the road" should be observed when operating a golf cart:

- **Golf carts should be operated on perimeter roadways. Sidewalks should be used only where roadways and/or parking lots are not available, and then only to the nearest adjacent street or parking lot.**
- **When on the roadway, keep to the far right side of the lane to allow other vehicles to pass, if safe to do so. Maintain adequate distance between vehicles.**
- **Use extreme care at building entrances and upon entering/exiting enclosed areas.**
- **Always obey all traffic rules and regulations.**
- **Keep hands, legs, feet, and arms inside the golf cart when it is in motion.**
- **Never back up without making sure there are no obstructions behind the cart.**
- **Never operate the golf cart with more passengers aboard than it is designed to accommodate.**
- **Approach sharp or blind corners with caution.**
- **Reduce speed to compensate for inclines, pedestrians, and weather conditions.**
- **Never exceed the safe speed limit.**
- **Never leave the keys in the golf cart when unattended.**
